Worlée Formulation Guide

## The WorléeXtra Product Range

Discover our sustainable, natural extracts from high-quality, traceable plants. For a product that's good for you and the planet.

**WorléeXtra Elderberry**

**WorléeXtra Oatgrass**

**WorléeXtra Hibiscus**

**WorléeXtra Burdock Root**

**WorléeXtra Cranberry**

## Your benefits at a glance

### Transparency in supply chain

Locally sourced where possible and supplier commits to social and sustainable production

### Raw materials according to the highest quality standards

Longterm quality control for demanding applications

### Eco-friendly extraction process

Low energy input and no toxic solvents

### Only pure essential ingredients

Preservative-free, only plants from controlled organic cultivation and vegan

Cleansing

## PureElder Skin Soothing Foam

Our cleansing foam has been specially developed to soothe and nourish even the most sensitive skin. WorléeAloe helps to reduce redness and irritation, while the formulation's natural surfactants gently remove impurities. WorléeXtra Elderberry, known for its soothing and anti-inflammatory properties, supports the formula thanks to its antioxidants and vitamins. The skin feels refreshed, revitalised and wonderfully soft after each application.

## Cranberry Bliss Water

Refresh your skin with the invigorating Face Water with cranberry extract! The WorléeExtra Cranberry, which is also contained in our WorléeSoft Beads Cranberry 2H2-S, is rich in antioxidants and vitamin C and E. It helps to revitalize your skin, has an anti-inflammatory effect and gives it a healthy glow. The beads are kept in suspension thanks to WorléeSuspens Eco. The natural formulation (NOC 99.5%, ISO 16128) nourishes and protects the skin from harmful environmental factors. The Cranberry Bliss Water leaves the skin feeling refreshed, refines its texture and ensures a radiant complexion.

## Herbal Scalp Therapy

The revitalising scalp serum combines nature's best active ingredients to nourish, soothe and revitalise your scalp: WorléeAloe intensely moisturises and soothes the scalp. WorléeXtra Burdock Root is known for its clarifying properties and helps to regulate excess sebum while strengthening the hair roots. WorléeSoft Beads Red B3 (Niacin) support blood circulation of the scalp, promote hair growth for strong and healthy hair. WorléeSoft Beads Hemp Oil provides essential fatty acids that nourish the scalp and help reduce skin irritation.

## GlowBloom Anti-Aging Cream

Our exclusive anti-ageing cream combines the powerful properties of WorléeXtra Hibiscus and WorléeMicromer Eco 200/10 to naturally soften and revitalize your skin. Hibiscus extract is known for its rich antioxidants that protect the skin from harmful environmental influences. This leads to a reduction in fine lines and wrinkles. Our 99% plant-based WorléeMicromer Eco 200/10 provides a soft skin feel and improves the stability of the formula. WorléeSqualane Olive, a natural moisturizer, provides hydration, leaving the skin soft and supple without a greasy feel. Inspired by the natural beauty of hibiscus, the unique pink shade, achieved through the combination of WorléeColor Eco Red IO and WorléeColor Eco White, bring freshness and vibrancy to your skincare routine. Give your skin the care it deserves.

## Hibiscus Vitality 2-Phase Face Serum

Revitalise your skin with our 2-Phase Face Serum. Hibiscus is known as the 'plant of eternal life'. WorléeXtra Hibiscus is rich in natural antioxidants. It helps to firm and smooth the skin by supporting cell renewal and minimising fine lines and wrinkles. Its natural acidity gently exfoliates the skin, removing dead skin cells and leaving a radiant, fresh complexion. Lasting moisturisation is achieved with WorléeSqualane Olive and WorléeJojoba Oil, without leaving a greasy feeling.

## Cranberry Anti-Age Infusion Mask

Treat your skin with our luxurious anti-ageing face mask!

Our formula combines the moisturizing WorléeSqualane Olive, which helps to promote skin regeneration, while WorléeJojoba Oil Golden nourishes the skin and makes it velvety soft without leaving a greasy feeling. The powerful WorléeExtract Cranberry, which protects the skin from free radicals, helps to improve the skin's elasticity and gives it a radiant, fresh complexion, is also an important component of the formulation and ensures maximum effectiveness and rejuvenation. The WorléeSoft Beads, which also contain valuable extracts, melt gently on the skin during application and leave the skin feeling supple and smooth without irritating it.

## Aloe & Oat Cool Care

The after sun gel provides your skin with instant cooling and soothing refreshment and is quickly absorbed without leaving a greasy film. WorléeXtra Oat Grass is rich in antioxidants and nutrients that help to soothe, strengthens the skin barrier and makes the skin feel comfortable, even after intensive sun exposure. The healing and moisturising properties of WorléeAloe in combination with the WorléeSoft Beads, which are loaded with Aloe Vera and Q10, round off the natural regeneration of the skin.

## Face & BodyOil Fucus

The Face & BodyOil Fucus is the perfect combination of care and luxury. WorléeJojoba Oil Golden, rich in vitamins and fatty acids, provides your skin with long-lasting moisture and refines the skin's texture. It soothes and protects at the same time, while restoring the skin's natural balance. WorléeSqualane Olive reinforces your skin's barrier function and leaves it feeling velvety smooth. WorléeXtra Lipid Fucus is known for its antioxidant and regenerating properties that promote your skin's natural cell protection and prevent premature ageing. The Face & BodyOil Fucus is quickly absorbed without being greasy and leaves your skin feeling incredibly fresh and moisturized.

## The values that guide our actions

We are committed to forward-looking and prudent environmental protection and to preventive and comprehensive occupational health and safety as a corporate goal.

We are convinced, that the natural goods of water, air, and soil must be treated carefully as a part of our re-sponsible business practices. In this way, the ecosystem in which we live can be preserved as the basis of life for future generations as well. This particularly applies to the economical and efficient use of energy and natural re-sources.

We stand by our responsibility to provide safe and secure production, storage, and transport. We ensure that our products are handled con-scientiously along the entire value-added chain.

## Let's work together
